**"Because what we do today, we do
for Generations"**

International Human Rights Commission – IHRC

is a diplomatic transnational intergovernmental foundation, led by the Secretary General prof. h.c. Rafal Marcin Wasik. IHRC is a self-financed, neutral, impartial and independent organization based in Switzerland. He is an experienced, highly specialized peace negotiator and humanitarian aid provider, managing the work of the IHRC Group, which includes our organizations from the Czech Republic, Slovakia, Ukraine, Georgia, Lebanon, Republic of Chad, Nigeria and the USA.

On 3 continents, we closely cooperate with state and local authorities, creating conditions and securing international platforms for official and unofficial activities and arrangements. We act for good habits of local and international coexistence resulting from the broadly understood HUMAN RIGHTS

Our philosophy and understanding of the world rejects a universal definition of human rights. Human rights have always resulted from local religion, culture and environmental conditions and therefore vary from place to place in the world. However, we always have one thing in mind - the good of people.
